Programming:

Community Programming: Mon. thru Friday (5:00 to 6:30)

Programming aimed very specifically to the Black and Puerto Rican community in South Bethlehem, alternating between Soul music and Spanish language and music programs. Hopefully, these shows will be staffed by Lehigh students, with the assistance of selected non-students with particular abilities, for example, in the Spanish language.

New Dimensions: Mon. thru Friday (7:00 to 7:30)

An 'open-slotted' daily Public Affairs program, which would be filled by the best programs available at that time. Besides programs produced by ourselves, other sources for this slot include transcripts from the Canadian Broadcasting Corporation, National Educational Radio, Georgetown University Forum, United Nations Transcripts and others.

Valley High Happenings: Saturday (10:00 to 12:00 noon)

A weekly program oriented toward the neighboring High Schools and their week's events. Here again, the program would be moderated by our staff, with selected guests each week from particular schools. Emphasis on coverage of Sports, Student Organizations, etc. will be important here.

Rock Concert: Saturday (9:00 to 11:00)

Subtitled "Historical Perspectives in Rock", this program would each week examine one particular group or era, and its musical growth. Research by the anchor man would be particularly important here.

Religion and Youth: Sunday (12:00 noon to 12:30)

A weekly discussion program drawing upon Lehigh's religious oriented organizations: Newman Club, Hillel, etc. with as wide a range of topics as possible.

Sound On Film: Sunday (6:00 to 7:00)

An interview, discussion program with film directors, producers, screenwriters, actors, etc. Basically, a program about films and the people who make them. Transcribed.

Lehigh University Speaks: Sunday (7:00 to 7:30)

Interview program with various members of the Lehigh community, ranging from Administration and Faculty, to Students. As issues warrant, this program can also serve as a newsmagazine of recent events at Lehigh discussing them with the people involved.

Sports at Lehigh: Sunday (9:00 to 9:30)

Discussion program between the Sports Director of the Lehigh Radio Network and various Coaches and team members from Lehigh, dealing particularly with past and up-coming games.

Personalities: Sunday (9:30 to 11:00)

A discussion program arranged around music, focusing upon members of the Lehigh community as individual people, rather than representatives of particular offices, etc. More informal in nature than "Lehigh Speaks".

SPECIAL EVENTS:

Sports:

All important matches of Lehigh teams, both home and away, in Football, Wrestling, Basketball and Hockey will be carried live on WLVR-FM whenever possible, pre-empting regularly scheduled programming.

Other:

All important speeches and lectures at the University will, whenever possible, be carried live over WLVR-FM, including The Blaustein Lectures and the Forum for Visiting Lecturers Committee Series.
Also, as conditions warrant, any large University meetings of general interest will also be carried live. Examples of these are the Coed Rally, and the all-University meetings on the University Forum idea.
Coverage of these types would pre-empt regular programming.
